

CLIENT FINANCIAL POLICY

Payment is due the same day services are rendered, except as noted below. Acceptable forms of payment include: cash, check, money-order, Visa, MasterCard, other:_____.

- Cash Clients: Clients with no major medical insurance coverage or who have a major medical plan, but have not met the current deductible. The client is responsible for all charges on a “pay as you go” basis.
- Private Insurance: After all applicable deductibles are paid by the client, all or a percentage of each office visit will be covered by the insurance company. The predetermined percentage not paid by the insurance company, called the “copay”, is due at the time services are rendered.
- Personal Injury With Personal Injury Protection (called PIP): Legitimate claims from auto accidents are covered by the client’s insurance PIP policy, and then the client’s insurance company is paid back in full by the “at fault” party’s insurance company.
- Personal Injury Without PIP: The client is responsible for all charges on a “pay as you go” basis. The “at fault” party’s insurance company will then reimburse the client for medical expenses when the claim settles.
- State Compensation Plans: Legitimate claims from work related injuries, paid in full.

Please note: In most insurance cases a doctor’s prescription is required.
